

WOMEN COACHING SEMINAR

December 11th– 13th 2023.

Granada, ESP

The Women's Coaching Seminar is specifically created to support the professional development of female coaches in Europe. This event focuses on enhancing knowledge, promoting networking, and encouraging the continuous growth of attendees.

Open Registration - Although the seminar primarily targets female coaches in Europe, we also invite male coaches and coaches from Member Associations outside of Europe to participate. Including a diverse range of experiences and perspectives adds significant value to the learning environment.

Participation and Assignment - In this edition of the Women's Coaching Seminar attendees will be encouraged to actively engage with the other participants and to present a project (details will be provided during the seminar).

Tailoring Content to Your Needs - Participants are encouraged to submit questions for the speakers at the time of registration. This allows the speakers to customize their presentations better to suit the interests and needs of the attendees, making the seminar more effective and engaging.

Networking Opportunity - This seminar provides a platform for all attendees to connect with other professionals, exchange ideas, and build relationships that can be beneficial for their coaching careers.
